October 1963

GROUP A

HI

MOM AND DAD!!

(STORY INSIDE)

AREA DIRECTOR OF SCHOOLS

During the month of September, Mr. L. Madison Coombs, Area Director of Schools, paid Wrangell Institute a visit. He was here for about two days.

In a meeting with members of the staff Mr. Coombs expressed a desire to regain some contact with the students through our program. To do this, he made a request to visit each classroom setup for as long a period as time would permit.

From observation, all of our classrooms and other installations were honored by his presence. Staff members and students gave expressions of satisfaction over Mr. Coomb's visit.

GROUP A

Group A is represented by our youngest students. In this group we have both beginners and first graders. This year's group consists of eleven beginners and four first graders.

The pupils on the cover are, from left bottom of the "A" and around the apex to bottom right, and then in cross bar: Sophie Rock, Tim Michaelson, Elizabeth Aketachunak, Evelyn Nick, Anthony Prince, Mary Adonis, Leonard Elachik, Dora Aketachunak, Stanilaus Penatac, James Afcan, Margaret Aketachunak, John Camille, and Martha Macar.

John Camille is presently at the hospital at Mt. Edgecumbe.

WRANGELL INSTITUTE

This a nice school. We are learning a lot, if we want to. All we have to do is try. Some students want to go home, but how are we going to get an education if we go home? Right here in Wrangell Institute we have a good opportunity for a good education; all you have to do is take this opportunity by studying hard. It takes effort!

I think Wrangell Institute is offering us an awful lot. So we should appreciate being here.

...Jenny Ludecker

I am one of the many new students who is getting adjusted to Wrangell Institute boarding school. The school here is different from the school back home. Back home we usually stay in one room all day and there usually are 4th to 8th grade classes all in one room. But here we move from one room to another about every hour. At first it was confusing; but we have all gotten used to it by now. High school is a lot different from grade school.

... Ella Takak

I like Wrangell Institute a lot. I am glad to go to school here. It is a very beautiful place. The school is five miles out of town. I went to town only once so far. I am looking forward to going more than once every month.

...Ellen Williams

SCHEDULE

This is the first time most of us ninth graders are going from one class to another, so it is something new to us. The following teachers are teaching us in the following rooms. This is part of the schedule for Group B.

General Science	- Mr. Curtis	Rm I
General Math	- Mr. Dow	Rm J
English	- Mrs. Curtis	Rm I
Orientation	- Mr. Lemley	Rm I
Geography	- Mr. Kuckuck	Rm G

These teachers are here to help us get our education. They are very good teachers.

... Evelyn Tuzroyluk

SCIENCE CLASS

In science class we are studying about machines--machines such as pulleys, levers, screwdrivers, and many other simple machines. Our science teacher is Mr. Curtis.

...Peter Green

GEOGRAPHY

Mr. Kuckuck, our geography teacher, assigned us to write the histories of our villages; we will get the information from our parents. The assignment is due this month.

...Andy Jackson

Freshman NewsWEEKEND ACTIVITIES

All the students have been looking forward to Saturday and Sunday because these two days are something to think about.

On Saturday at six-thirty there is roller skating for twelve and under; at seven-thirty the ones thirteen and older may skate. From seven until nine-thirty there is a dance.

On Sunday morning we all go to church; some churches hold services at the school, others pick the students up and take them to church in town. From six o'clock until eight o'clock there is a movie. The reason it quits so early is so that everybody can finish their homework and get their details done.

...Elmer Thomas, Jr.

The last two Saturdays we have had dances. Everyone had fun, even the students who did not know how to dance very well; they tried anyway.

Sept. 21 Adam Waska and Herman Hess played the guitars at the dance. On Sept. 28 Evon Petluska and Johnny Hawk played. We all enjoyed their playing. Johnny sang, "You Win Again." We enjoyed his singing also.

There will be guitar playing every Saturday if they can find boys who are willing to play. We hope they find some who are!

They had a Twist Contest last Saturday, Sept. 28. James Norton and Barbara Cleveland won. They both won a box of candy and a pennant.

We all had fun at these dances and are looking forward to the future dances.

...Nellie Gallahorn

Mrs. Bernardo, our Girls' Dorm matron, guides us going on hikes south or north of our dorm every Saturday or Sunday. Sometimes we eat blueberries and pick some for our friends who stay at the dorm. The blueberries are very big. I never saw some that big before. I hope we continue going on the hikes.

...Esther Ambrose

Lately we've been hiking with Mr. Ryll and Mrs. Fisher. The last time I went was with Mr. Ryll, our boys' advisor. Mrs. Fisher is our matron.

We went over to Rainbow Falls which was very exciting and there were many blueberries. They made us all blue (not blue all over) but made our mouth and hands all blue. I was surprised to see such big blueberries; back home, when camping we found little smaller ones and they were on the ground instead of up in the branches and are more juicy.

...Amos Weyapuk

Every Friday and Sunday we go to the gym to see movies. On Fridays we see films and on Sundays we see movies. On both days we go to the school gym at six o'clock.

All children of both boys dorm and girls dorm come. When we come back we must get our details done.

...Doris Oksoktaruk

Last Saturday some boys that did not go hiking or berry picking played basketball. This was September 28.

Mr. Churchill was our coach for the games. There were four teams. Each team played about two games before we went back to the dorm.

...Carl Seetot

Freshman NewsPROGRAM

Last Friday morning everyone (students and teachers) cut class to attend the school program in the gymnasium. It was the first school assembly program. At the opening of the program, everyone pledged allegiance to the flag and sang "America the Beautiful." Piano music was played by Mrs. Lemley.

The students from Room F participated in the program. They gave two shows which were called: "The Kingdom of Speech" and "The Greatest Show in Wrangell."

After the shows were given, Mrs. Rich, a Junior Red Cross aid awarded certificates to five girls who had completed their courses in Junior Red Cross first aid last year. The five girls who received awards were: Rose Prince, Irene Passimika, Lily Neakok, Karen Mixsooke, and Margaret Elachik.

The program lasted for approximately one hour. Then everyone returned to their classes. The freshman classes went into fourth period. (study hall)

The program was a very interesting one. The students who participated in the program succeeded for their first experience.

...Susan Tabios

POETRY

One boy from Alaska
Moved to Nebraska.
He ate all the air-sick pills
And got the chills;
That little boy from Alaska
Who moved to Nebraska.

...Theodore Hawk

DORM DETAILS

September 30th was the last day of the month; boys and girls are getting new details now.

Many boys and maybe girls have not been enjoying some of their details, so they expect new and better ones. Some have seemed to enjoy their old details.

October the first is the starting day of new details. Some will be easy and others difficult, but they can always be done. So here's all the luck in improving your details.

...Johnson Eningowuk

The kitchen boys and dining hall girls completed their work in the dining hall for the month of September. They were kept after work on September 30th at 5:45 P.M. for a little party at which Miss Stevens, head of the kitchen here at Wrangell Institute, congratulated the boys and girls on a job well done in the past month.

Miss Stevens said that they had received many compliments on how well they looked while they did their job. She said that compliments had not only been received from the regular kitchen workers, but from many visitors also. We hope the next group do as well if not better.

...Albert Kookesh

COMING ELECTION

The girls in the dorm will elect seven girls to be on the dorm council. We will have our election on October 7.

The girls who are elected will be planning certain activities. All girls who are elected will be expected to follow all rules.

So if you are one of the voters, vote for girls who you will be proud of; and you can say with a smile, "She is part of the Dorm Council."

...Barbara Swanson

Freshman NewsGIRL-BOY DORM MEETING

Last Friday, September 27, the girls and boys met in the gym at 6:30 P.M. for our first girl-boy dorm meeting.

Mr. Sorenson spoke to us about certain diseases which could be prevented if we students did not exchange clothes, combs, brushes, etc.

Also he and Mrs. White talked about and demonstrated some dancing rules. After their speeches we had three sports films and a short film about Alaska.

Irene Susook was dressed up in a big parka and was Eskimo dancing with some of the people who were in the film. They were very interesting.

HURRAH! HERE COMES THE MAIL!

Everyday the Coastal Ellis Airlines is on its daily regular run to bring in mail for the Wrangell Institute students. It is always good to see, or at least hear, a plane come in for one particular reason. I'm sure you can guess what the reason is.

Later, you can see the mail car coming and stopping by the Institute Post Office, which is in the school building.

The mail is then brought to the boys' and girls' dorm offices for the matrons to sort. The mail list is hung on the door of the office. Usually the mail call is at 6:00 P.M., right after supper.

The names of the students that are on the list are always the lucky and happy ones.

...Joan Nayokpuk

TRIPS TO TOWN

During the past three weeks of September, children from the Institute have been taking trips to the town of Wrangell which is about five miles away. The way of transportation was either by bus or taxi.

On Saturday, Sept. 21, about fifty boys and girls went to town in the afternoon by bus. They went in to see a movie called, "Six Black Horses," starring Audie Murphy.

They are also taking town trips for shopping. Some go on certain days picked out by the aids.

Several children were taken into town for medical reasons. They were picked up by a taxi or Health Center car.

...Katherine Kimoktoak

EXCUSE ME, PLEASE

One afternoon in the girls dorm hall, Nora Gertie and I were telling each other the funny things that had happened to us when we first came to Wrangell Institute. It was line-up time for supper and some girls told us to back up. I started walking backwards until I bumped someone. Without turning around, I quickly said, "Oops, Excuse me!" The girls started laughing. I turned around and started laughing too, because I had said "Excuse me" to a pole instead of one of the girls I thought I had bumped!

...Henrietta Johnson

SICKNESS IN THE DORM

There have been bad colds, sore throats, and earaches at the boys dorm. Maybe this has happened, too, at the girls' dorm.

The Health Center was full of sick boys and girls. There were eleven boys and one girl there at one time. The other three boys in the same room with me were: Patrick Pletnikoff, Jacob Stalker, and Emerson Moto. We didn't really enjoy it at the Health Center because we would just be in bed and do nothing while the healthy boys and girls were studying and getting educated.

Most of the kids that were in there are now out and healthy, including me.

...Albert Olanna

NEWS - ROOM F

On Friday morning, September 27th Room F had an assembly program. Everyone gave the pledge to the flag and sang "America." Then we gave "The King of Speech." The King and queen and their Attendants with Tools of Speech explained how they each do their job in making speech our most useful way of understanding each other. This was the first part of the program.

After that part, we gave a puppet show, "The Puppets Publicize School Rules." After the program the teacher took a picture of us.

Mary Deacon
and
Margie Painter

After Room F had given their program Mrs. Patty Riech, representing the Red Cross of Wrangell gave certificates and books on first aid to the following girls: Karen Mixsooke, Irene Passemeka, Rose Prince, Margaret Elachik, and Lilly Neakok. The girls had learned first aid last year in Mrs. Johnson's class. We all hope these girls can now save a life.

Lilly Neakok

More about the Assembly Part

During the first part of the assembly program, "King of Speech," we all were doing fine until Marius J. Hofseth got stage fright. He said afterward that he had never been in front of such a large group of people. Then in the puppet show he did pretty well.

We were very sorry that Harry David Jr. and Irvin Howard were sick in the Health Center, and so they were not able to be in the program.

Daniel Douglas

Birthdays! Birthdays!
"What is a birthday without a party?"

On September 26 the birthday dinner was held for the staff members and boys and girls who had a birthday in September. It was held in the dining room. Each one at the party had a happy time.

We had steak, carrot and raisin salad, biscuits, milk, cupcakes, and ice cream. We all had all we could eat.

Two boys from Room F were at the dinner: Dennis Adams and Nikolai Nicolai. Mr. Watkins was there, too, because his birthday is in September.

Dennis Adams
and
Nicolai Nicolai

Last month, when we came to school, there was a picture of Alaska on our class bulletin board. There were people coming out of an airplane. The words on the bulletin board said, "Students come here from many places." There were five words that help these students to learn. Some of them were "listening", "Observing", and "understanding".

We are going to put up a new bulletin board for October.

Gabriel Nicholi
and
Harold Maxium

AMERICA & CITIZEN SHIP—SEPTEMBER 17TH

We are citizens of the United States of America, citizens of the State of Alaska, and citizens of Wrangell institute. We all can be good citizens.

Room F had some good citizenship rules in our play the last week of September. The rules were: Keep hands off, Obey school rules, Be polite.

Mischa Auliye

OCTOBER

Editors: Alice Brown and Barbara Cleveland

Innokenty Lestenkof-Art Editor

GOOD CITIZENSHIP CLUB

A "Good Citizenship Club" was organized in Room E. The following students were elected to office:

Patricia Hunnicutt.....President.
Wassilie Mute.....Vice-President.
Rosaline James.....Secretary.
Martin Inga.....Sergeant at Arms.

In the "Good Citizenship Club" we decide on certain rules to use in school. We try to keep our room nice and clean.

-Barbara Cleveland

DINING HALL

The dining hall at Wrangell Institute is very large. It is large enough for 260 students. There are many flowers all around the building.

Students help with the work in the dining hall. Some serve food and some wash trays. The dining hall girls wash and dry the tables. They sweep the floor. The dining hall looks so clean and beautiful.

There are four cooks. We like the way they cook for us. We go to the dining hall in groups of eight. We eat many kinds of food everyday. We eat what is good for us. We should never waste the food. We go to the dining hall three times a day. We are enjoying our daily meals.

-Alice Brown

DETAILS

Everyone in the Institute has something to do to keep them busy. We call this a "detail." We have a detail for one whole month. At the end of the month we exchange. If anyone complains of the detail he has and does not do a good job of cleaning, he is most likely to get it again the next month. I think this is good because it teaches us not to complain.

-Rosaline James

"Anybody see Mamma?"
"Mamma achun eakel."

ROOM E STUDENT IN THE SHOW

Ever since we came to Wrangell Institute we have been seeing some movies. Every student in the girls and boy's dormitories is invited to come. The movies start at 6:00 o'clock Sunday evenings in the gym. We sit on the chairs where we can get a good view of the show.

We saw one movie about Alaska. In it Mt. Edgecumbe were learning to be carpenters. Peter Black, my friend from Napakiak was in it. There was Eskimo Dancing. One of the dancers was Irene Susook from Kotzebue. Irene is my classmate. So one of the students in Wrangell Institute is a movie star and in Room E.

-Wassilie Mute

ROLLER SKATING

We always roller skate in the boy's recreation room from 7:30 until 9:00 P. M. on Saturday while the other students go dancing. The girls are learning to skate. They always go over to the boy's recreation room and skate with us. Some of the boys are learning to roller skate too. Those who know how have lots of fun. Mr. Churchill, who is the one who takes care of the roller skating, always skates with us.

-Terry Tagarook

THE TWIST PARTY

We had a twist party in the school gym. We started the party at 7:00 and it ended at 9:00 in the evening. We also had a twist contest that night. Our teacher, Mrs. Bashelier, said that one of her students was bound to win. And do you know what? She was right. Barbara Cleveland from Shungnak won the twist contest. Her partner was James Norton from Noatak. YEA! for Barbara and James.

-Irene Susook

GROUP H

MEET GROUP H

In Group H we have students from all over Alaska. Members of our group are:

Robert Adams	Kotzebue
Albert Aknayuke	Aleknagik
William Anderson	Ouzinkie
Edward Barr	Teller Mission
Shirley Bekoalok	Shaktoolik
Vivian Duncan	Angoon
Larry Evanoff	Chenega
Leonard Fitka	Fortuna Ledge
Ann Gunderson	Afognak
Alice Hendrickson	Mekoryuk
Evelyn Inga	Old Harbor
George Inga	Old Harbor
Mark Jack	Angoon
Rita Jacko	Pedro Bay
Gloria John	Angoon
Blanche Jones	Kotzebue
Roslyn Jones	Thorne Bay
Charlie Kashatook	Kipnuk
Anastasia Kashevarof	St. George
Frank Kellner	Ugashik
Edwin Kotonga	Elim
Sandra Malland	Wrangell
Cyril Mercurief	St. George
Sandra Mercurief	St. George
Lucy Nicolai	Kwethluk
James Norton	Noatak
Flora Rock	Teller Mission
Lars Sagoonick	Shaktoolik
Lillian Shavings	Mekoryuk
Eleanor Simon	Huslia
Lucille Tevuk	Wales
Helena Thomas	Kotzebue
Hazel Vent	Huslia

The thirty-three students are divided into groups in subjects such as

math and social studies. Each one is working on his own level in the SRA Reading Laboratory. We are all working very hard to improve our scores. We hope to see the majority of the class go to Edgemumbe as freshmen. Everyone has a goal, especially Room H, a goal leading to a better education.

Roslyn Jones

ALL YEAR ROUND AT ST. GEORGE

St. George is an island forty miles from St. Paul. The population of St. George is about 250 people.

Every Sunday we go to church at 9:30 which lasts until about 11:30 or 12:00. We also have services on Saturday from 7:00 to 9:00.

On Mondays we have shows; Tuesday, the little children play in the recreation room; Wednesday, Men's Volley-ball; Thursday is another show night; and Friday is a dance night. Sometimes we have party dances on this night.

December 24th we have the all school program. At 12:00 noon Santa Claus comes from Zapadni in his sleigh pulled by a car followed by the Boy Scouts carrying flags. That night the program starts. The recreation hall is all decorated with bells, holly leaves and wreaths. We have a big Christmas tree with many gifts. When the program is over, Santa Claus comes and wishes us all a Merry Christmas and then we give out the presents which is the most fun of all.

January 7th is the Russian Orthodox

Christmas. We all go to church which is decorated with flowers. After the church service we go home and find our presents and have a Christmas tree. The next evening we go caroling. We sing Russian songs and go to everyone's house. Father Michael taught us to sing.

Easter comes and we clean house getting ready for this holiday. At 12:00 midnight we go to church which is decorated mostly with white lilies. Everyone is dressed so nicely. We have a bread called Easter Bread which is decorated and colored eggs. The priest blesses them. The service ends about 3:00 or 4:00 A.M.

During the summer we go hiking, camping, swimming and berry-picking. We make jelly and pies from the berries. The men go sealing every morning and kill the seals, take their skins, blubber and band them, and then send them out to different places.

Winter is fun, too. We go skating, sliding and sometimes have wiener roasts while skating. We go sliding on tins. We start half-way up Wilka Hill and slide all the way down! Sometimes we go as far as Upper Lake to go sliding. Near the cemetery we use floor linoleum to slide on down to the village.

Some boys and girls like to ski. When the snow turns to ice we skate down the roads and it is lots of fun. We also build snowmen about 10 feet high and dig tunnels in the snow.

I think living in St. George is fun!!

Anastasia Kashevarof

KEEP CAMPUS CLEAN

Every student knows that the campus here must be cleaned every day. Don't throw papers or things on the campus of Wrangell Institute. There are trash cans in which to throw or put your papers. Those cans are to be used, not the campus. When visitors come they like to see the campus nice and clean. So please help keep it clean every day.

Flora Rock

SCHOOL DAYS

One month has already passed by swiftly and all the students are busy with their schoolwork. School days are our golden rule days. We read, write, and study.

School opened the 3rd of September and has made everybody get down to business. Later on new school activities will be opened to students who are interested in clubs.

Attractive bulletin boards are being made by classes from each home room.

Alice Hendrickson

DETAILS

Since it is another new month, we are changing details. The matrons are trying their best to let us have a different and better detail every month. If we complain about our detail, we've had it! We'll get it right over again! So don't complain!!

Every month the matrons are trying to give us a better detail, so if you think yours is funny, wait another month and you'll have a better one. As the month passes the detail you now have even gets better.

Blanche Jones

PHYSICAL ED CLASSES

In P E classes we are getting ready for a physical fitness test. We are going to have it a couple of weeks from now. Some of the things we must do are the squat thrust, push-ups, chin-ups and a few other things. We are also learning to play volley-ball.

We are going to have a couple sets of bows and arrows in our gym to practice archery. I am sure this will be fun!

Frank Kellner

"GOOD MANNERS MAY IN SEVEN WORDS BE FOUND: FORGET YOURSELF AND THINK OF THOSE AROUND."

READ Magazine

HIKING

ROOM D

On hiking we went to Rainbow Falls. It was a hard trip to Rainbow Falls. We ate many kinds of berries and we scattered all over the trail. On the hike we saw that the leaves are turning colors. Man, that was a good trip.

(Frank Prince, Raymond P., Paul P.)

DORM PROGRAM

The program was about puppets and at the beginning of the program was the king and queen. They were sitting on their throne. The queen and king were Mischa A. and Florence K.

(Karen M., Anna T., Christine T.)

CLASS CHAIRMEN

Today we elected some students from our class. We have a chairman in our class every week. The chairman has to take charge of elections, and other duties.

OUR NEW TEACHER

We like our new teacher in class. She's good and kind and mannerly. Her name is Mrs. Heflebower. This is her second day teaching in Wrangell, Alaska. We like our schooling. This is our second month in school now.

BERRY PICKING

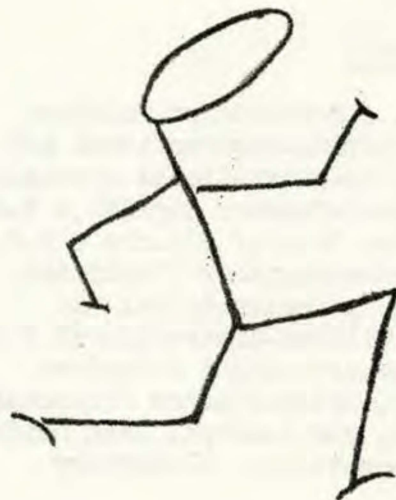

Last week Mr. Ryll took us to Rainbow Falls for berry picking. We had to use our overshoes, and coats. We had to climb all the way up to Rainbow Falls. it was good to see the falls. Some of us got tired from walking. The berries are big. We use bags to pick berries.

OFFICE NOTES

At present eighty-eight freshmen students are enrolled at Wrangell Institute. This is the first year that we have had this many freshmen.

These students are taking five basic subjects: English, math, world geography, orientation and science. We think educational opportunities at Wrangell are just as good as they are any other place in Alaska.

We think that our entire student body is one of the finest that we have had for a long time. This, we hope, will be one of our best years.

Good reports have been coming in from the teachers about the good behavior and habits of our students. Let us hope this will continue.

The school calendar is just about completed. Many activities are planned for student participation throughout the year.

ROOM C

We have eleven boys and eleven girls in our room.

Mr. Coombs from Juneau visited our room.

Natalia Macar and Gus Nelson attended the September birthday party.

On Saturday's and Sunday's we go on hikes. We pick berries. The berries are sometimes very big. We pick for Mrs. Bernardo. Sometimes we hardly find any berries.

Marie Neakok had measles for five days. She had to stay in the health center. When she got back, everybody was glad to see her.

We are going to make masks and other Halloween things.

Mrs. Fisher broke her wrist when they went hiking.

PREVENTING FIRES

You should not put gas in the stove when you light it. You should not go visiting and leave the stove burning. It might burn the house or tent.

When you go camping, you should not leave the fire burning. It might burn the whole place.

You should not leave gas by a whole pile of papers.

Children should not play with matches at home, out doors, or any place.

LIMERICKS

There was an old lady of Green,
Who was tall, skinny and lean.
She liked to talk and shout,
And make children pout.
That skinny old lady of Green.

...Myra Vlasoff

There was a student named Bill,
Who did his work by will.
But in the testing season,
For an unknown reason
He wouldn't work for not being still.

HAMILTON

Hamilton is a small town. Eskimos live there. There is a store in town too. We go to the store to buy milk for the baby.

Anna V. Williams

AT SCHOOL

I like to go to school at Wrangell. It is good to read in the library. We can read many good books.

I like the movies we have in the gym.

Bernadette Penetac

GRAYLING NEWS

They are building a new school at Grayling. It will be finished next year.

Fishing is good in Grayling. We have boat rides up the river where we can get a lot of fish.

Roy Painter

HOUSE BY THE CREEK

We live in a wood house. The house is by the creek. The creek is deep. I like Crayling Creek.

Richard Nicholli

WORK AT SCHOOL

I like school we read, write, and learn to do art and arithmetic.

Vincent Hatch

FISH CAMP

I saw a bear at our fish camp. We go to the fish camp in the summer to catch fish. We like to go to Grayling to camp.

Eleanor Jane Deacon

SCHOOL

I like to go to school. I like to do arithmetic at school.

Mabel Nichilli

GRAYLING

Grayling is a small village. We live in a log house. My daddy works at the school in Grayling.

Marvin Deacon

PLAY

I like to play with the boys in Grayling, and the boys at Wrangell too.

Willie Gollilie

VACATION

Last summer I went fishing near the house. My brother, father, and big brother went too.

We saw a rabbit and my brother shot it.

Aurelia Afcan

GOING TO THE CITY

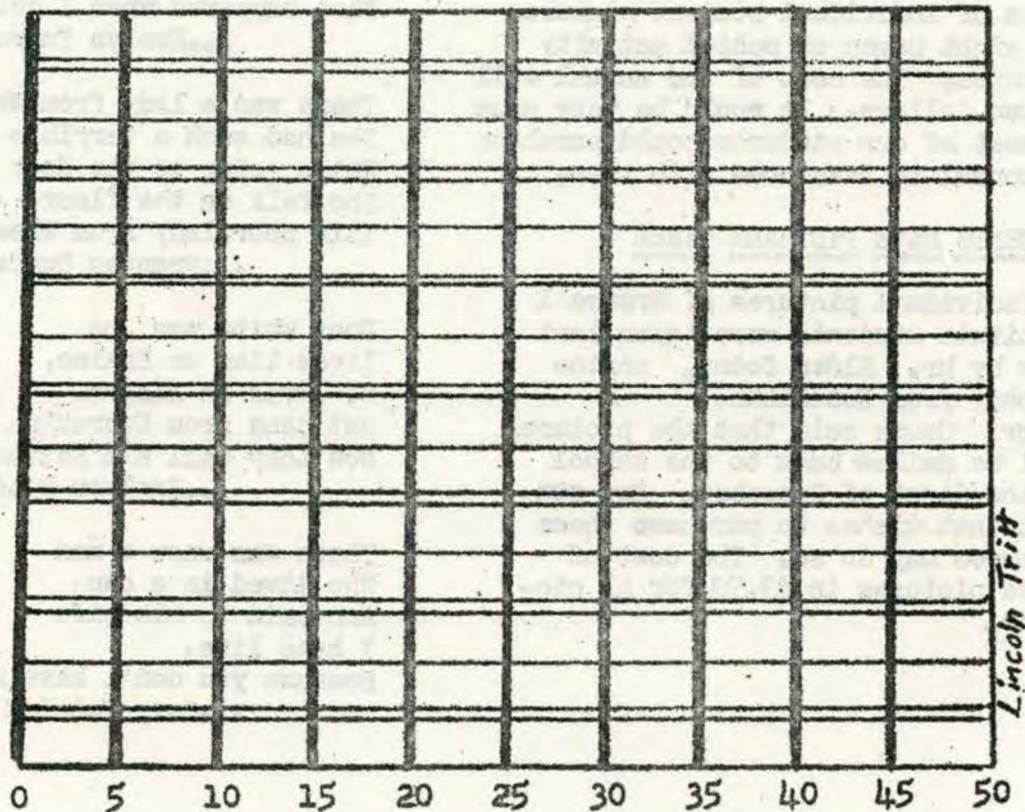

John Hill was going away. He was going to ride on the train for the first time. He was going to the city to see his grandmother. Too-too went the train as it slowed down then it stopped and John got off. John's family said good-by and don't get lost in the big city.

(MORE OFFICE NOTES.....)

WRANGELL INSTITUTE TO HAVE SCHOOL ANNUAL

This year we are looking forward to having a school annual at Wrangell Institute.

The yearbook will have about twelve pages of individual student pictures and eight pages of school activity pictures. The cost of the annual will be two dollars. It would be very nice if most of our students could purchase an annual to take home with them.

STUDENTS HAVE PICTURES TAKEN

Individual pictures of Wrangell Institute students were taken last week by Mr. Elden Coons, photographer from Ketchikan.

Mr. Coons said that the pictures will be mailed back to the school by the first of December. Any student that wishes to purchase these pictures may do so. The cost of these pictures is \$3.50 for 41 pictures.

LIMERICKS

There was a lad
who asked his dad,
"How come you're fat?"
His dad said, "Well that's
What happened when I got mad."
...Evelyn Tuzroyluk

There was a lady from Wheeling,
She had such a terrible feeling.
While going to the door
She fell on the floor,
This poor lady from Wheeling.
...Frances Duncan

Poor white man Joe
lives like an Eskimo,
He lives in Alaska
But came from Nebraska,
Now they call him Eskimo Joe.
...Emerson Moto
